endeave of the Benephis Appeal.) SHILOMI, April 7, 1862.

said \$70 for his service.

Was allowed their river with a force of not less than had arrived with 30,000 for sh troops, and another.

I will give you a latef outline of the ground on until dark. upon which the fighting took place, and its location as regards the Tennesce river and Corneth simplication rain with a 10 feether more senter in men. guns, and stores of all descriptions battery, in Backing Menglis at 2 ? 8 and we reserve in men. guns, and stores of all descriptions of a shadow battery.

amonded with the groupest difficulty.

The correspondent of the Charleston represents that law and the state of the season of

venge, while we had a victory to maintain. reclaimings's division had to fall back, and our me artiflery, but sleently afterwards advanced gain, and recovered the ground and gums. Driven from the camer, the enemy concentrated their fire upon the left, and from there were to-

milsed alas. It was then II o'clock, a. M. We had maintained our position against superior numbers and | fresh troops. The battle had been most municr ons, but the eventy was retreating again, and The great battle is over, and the question closer after cheer went forth from the ranks of now stands; shout what are the results for both our troops as a salute to a new victory, when suddenly we came to a stop. New butteries, On Saturday, the 5th inst, preparations were were found exceted in front of us and rodey after complete on our wide to attack the enemy. It volley first firm a new line of opposite, clearly was known then that the Federals were on this indicating that a new enemy was upon us. Buell 80,000 men, and it was known also that Buell battle lead to be fought. The contest was true there was coming rapidly toward the Tonnessee river, equal, and at once steps were taken for a remode chester. On the 22st all of Gent Banks' com-

with the intention of reinforcing them, sed thus Train after train, with wounded, stores and any limit it with the exception or my division, evaceppese us again with superior numbers. Every munition, was sent to the rear: squads of soft. This movement, and the masked position of my eason of sound policy pointed to an immediate discy set to keep the road in a passable condition division, made are impression upon the linear attack on our part, in order to prevent this junc- over miry places; the cavalry set to destroy the Punts, some of whom were in secret community Madical Director. tion; and, consequently, the attack was delermined upon and made by us.

To enable you to understand well the circumbroken down regiments brought to face the

to this effect. I saw their signals and divised stances that attended the great fattle of Sunday, enemy to stop his advance—so the battle went their mining.

About 6 o'clock on the afternoon of the 22d,

from as regards the Tennesses river and Corinth. the enemy, except one gran. They were ordered in. This success increased his delusion. It be The position occupied by the enemy was at a to retreat, but thought they had time to unfanter, many nerve wary, to r pulse them for point called Shibah, which is composed of at on the way and give the enemy a few rounds to belonds, and a frame house, distant three and check their advance, and protect the retrest of checker and the enemy. I only let them see, a half miles from the river at Philaburg landing. a half miles from the river at Pataburg landing. two regiments of infantry, then falling back. Inswered, two regiments of infantry, two batter Putsburg landing is the place where most all. They did an, effected their object, but lost some the Federal's landed, and where they kept their horses, and finally the battery, tave one gun-

sight of their transports.

The enemy's fire was concentrated on the left.

Gens. Bragg. Hardes. Rangles. Polk. and

Solloak and two miles beyond, being almost an mainterrapised line of camps for a distance of five miles.

Beauraged himself, shared all this polities of the migrate or any mainterrapised line of camps for a distance of five miles.

One forces had been maying since just Thorse.

Broken fragments of regiments could only be substituted by the miles of the migrat. I common the left on the left of the migrate of the migrate of the left of the migrate of the migrate of the left of the migrate of Our forces had been moving since last Thurs- found, and yet the enough was held at buy a strong position in advance. I pushed for any day from Corinch and the neighborhood, and Stragglers were found on every road leading to loar batteries, having their placed in a strong country. I placed So

by cracks, branches and awampy bottoms, ran dering the transportation by wagon a work gaged during the two last memorable days, and the p sinon I awared and vapored the enemy to the ransportant difficulty. However, on Sarurday night our troops laid cowards that prevented us from adding a new extending pethaps a min further along the transpost their arms admost in eight of the enemy, victory to the giveness one of yesterlay, by their poke leading to Strawing. and about twenty mines from Corinth, confident maximy to summe a few species. You when dark wand two efficies to recent in the morning I sent for any statement of fellow against the front and any of the interest of the int t a victory and fully aware of the is portance ness came upon the field, the enemy retre-field to require indications of the enemy. They reinfred On Sunday morning at daybreak the attack we accupied their campa in the center and on the Ashby's faces of variety, infactly and artillary, The plan of the battle, which we understand and a few ba teries. Arrangements for a retreat in preson, upon hearing, the p-port, concluded strongest one known is military science. It was composed of three parallel lines—the front, con-batteries placed in position to protect them, and is due to the genius of Gen. Beauregard, is the were completed, the snemy too much injured to the Jackson could not be in front possibly, or probably correct. composed of three parallel lines—the front, cen-ter and sent; each line laving its center and all our generals present on the field to organize agreed to be caught in such a trap. I hope to be shie in a few days to rise in a bought, and place myself at the head of my community but I have nother sufficient more nor sufficient more nor to that service as the country that I hape and feel I am capable of. No main could be extended that I am by then Banks, and yet if he are his community had been fathered to be the field, you would have have more nebusing of a fight, because our willy enamy would not have been entrapped. I want an officient cavality regiment—the fill United States excapt, for instance,—and additional lists only. I wish you would not the Secretary of War, for instance, in relation to the manner. I can do the country services of they give me a chance. Justes Shreinds. The redeval army on the Tenurases. The correspondent of the Cincinnati Gaz-ita, writing from Savannah, Tenn., on the Soch oil , says: The condition of many of the troops (he says) is not satisfactory. The week or two spent by many or them or the beats were finitial of discarce. For all except those that slept on the hurchennedeck, the weighthin was terrible, and for	Port Pulaski had been thoroughly invasted for thirty days, and was momentarily expected to surreceder. It is said that there are about 500 rebels in Fort Pulaski, and they had offered to go out with the honors of war, but Gen. Sherman demanded an unconditional surrender, and would, on the lat of April, open fire on them if they refused to yield. The rebels had withdrawn all their forces from the coast of Georgia, and abandoned the works at Thunderbolt, taking all the guns to Savan calt. The Seminolo landed a force and destroyed Fort Thunderbolt, which is within five miles of Savannah, off a good sheliroad. Refugees from Savannah say that friends of the troops inside Fort Pulaski had offered \$30,000 to any one who would rescue them. A refugee from Charleston represents that there is a great panic there since the capture of Nawhern. Women and children were seaving, and the general expectation was that a terrible blow would be struck there. The lutelingence from Florida is more gratifying. The Union sentime of is developing itself strongly.	A. M. Boyd. 50 J. R. Valker 50 S. Mansfield 20 Se E. Dankeell 50 O. R. B. Brown 20 O. E. Jackeen 50 J. S. Byingless 50 W. E. Sector 8 50 J. S. No man could be edied to to that service to the country that I hope and feel I am capable of. No man could be edied treated that I am by tion. Banks, and yet II he are his communication of a fight, because our welly enamy would not have been entrapped I want an efficient arvairy regiment—the of Union States exercity for instance—and additional infactry. I wish you would not the Secretary of Wer, for instance, in relation to the matter. I can do the country service if they give me a chance. James Shields. The reference for any on the Tenurases. The correspondent of the Cincinnaii Gazetta, writing from Savannab, Tenu, on the Sigh oil , says: The condition of many of the troops (he says) is not astrophysically. The week or two ment by many on them on the beats were finitial of discovery those that were finitial of discovery these there was no constrainty for barbing; three faunts of them didn't away get to wash their hands and brees; their meals were integrity and provisions ill cooked, or not cooked at all, while the river water was just about the worst river some every most lor drinking, and	Port Pulaski had been thoroughly invasted for thirty days, and was momentarily expected to surreceder. It is said that there are about 500 rebels in Fort Pulaski, and they had offered to go out with the honors of war, but Gen. Sherman demanded an unconditional surrender, and would, on the lat of April, open fire on them if they refused to yield. The rebels had withdrawn all their forces from the coast of Georgia, and shandoned the works at Thunderbolt, taking all the guns to Savan calt. The Seminols lunded a force and destroyed Fort Thunderbolt, which is within five miles of Savannah, off a good shellroad. Refugees from Savannah say that friends of the troops inside Fort Pulaski had offered \$30.000 to any one who would rescue them. A refugee from Charleston represents that there in a great panic there since the capture of Newbern. Women and children were leaving, and the general expectation was that a terrible blow would be struck there. The intelligence from Florida is more gratifying. The Umon sentiment is developing itself strongly. There appears to be but little doubt that all our movements here we faithfully reported to the rebel authorities. The Richmond Dispatch of this morning says the grand army of the Federals seem to have been transferred from the neighborhood of Washington to the Peninsula, which they have probable or concluded is a shorter and casier toxel to	A.
